The Filthy Untreated Toilet That is The United States of America

About The Cover

About the Cover

In a racial hate crime built around rape of DNA rights, with no recourse, children are sexualized around the clock in my vicinity and even on my property by racketeer grifters, creating the public impression of me, the optics in front of the camera or public, which will match the forged confession made by an impersonator of me.

These are the elements of the Felony Racket

- **The Gull, or Gullible** The gullible retard sex offender pretending to be me or acting that out while ALSO wearing an NYPD hat, Sherrif's hat, Aviator Glasses, etc., The Gull will commit the crime against the exploitable Lolita I have no interest in all in by is planted in my path of progress.
- **The Shill**, the plant lolita, or any other grifter. It is term for the group of people in a con

The Parents in the Room Unwanted and unneeded services who have illegitimately positioned themselves to speak and act on my behalf, supposedly on my behalf.

This guy who moved in the same day I did overlooking the pool calls his young white child which he abuses Bibi. Outside on my patio illegally he stares at me with aviator glasses as he also carries a large batter pack for a phone draining its battery with wifi hotspot. They will not telco wire my apartment. He made it clear blacks were the Power Race.

Gays seeking IVF?

The aviator or other clothing of law enforcement are their cover story that they are really onto me, the suspect, unless I confront them, in that case, they say there is nothing at all going on.

In a ongoing Felony Racket of sexual assault and sterilization through kidnap the following occurs. Even on my property and rented private property illegal actors plant minors or other victims assaulting me, creating a problem where I looks like I am the agressor, then incite vigilantism and legal retaliation against me sexually icluding sieuzre of my DMA over the attack upon me which is rape of me.

Foreword

There are a number of core elements of the U.S as a toilet of the foulest turd refuse that flow from this picture and in this About The Cover chapter, effectively the Foreword, I will introduce some of those major elements.

Measure a Society

In previous books I have researched and developed a theory that my mother have been from a targeted genetic group, FOXP2 Windsors. I will focus on that theory less in this book.

I can not prove any of that. Based on information I have mostly provided that is just my best available guess to explain inexplicable events surrounding me for decades.

My best theory is that to cover that up foreign criminals with support inside the U.S. Government are covering up 1961 events, and that I am being portrayed as a peeper, a pedophile, a size 13 guns and boots buyer, and a retard to justify social rejection of me and justify medical asset seizures.

What I can prove is the illegitimacy of State acts, motivated for whatever reasons the State holds, perhaps the FOXP2 gene, so this focuses on that illegitimacy of the U.S. actions representing the illegitimacy of the US itself simply based on its own acts.

In the Measure a Society chapter I will focus on what I can be certain of, that the events and actions surrounding me are deceitful shams which contradicts the facts I do know to be true, including my non-pedophile interests.

Secret Police and the Non Sequitur Wall

The next book section is Secret Police and the Non Sequitur Wall.

Non Sequitur is the creation of the Arbitrary. Not flowing rationally from one thing to the next, it is merely on its own unjustified by any foundations, a lack of rational basis, not surviving rational analysis.

The black dangerous prison ghetto active drug addiction and likely sex offender next to me in 47 is one of the walls, or black sheets which surround me, are in fact Secret Police planted criminals who's existence and acts rather than justified rationally, justified at all, are police backed shills of a dangerous, dirty, and filthy USA who's acts are concealed behind these police backed criminals.

Rather than be the people in a person's vicinity which are neutral and honest, these shills are there to commit crimes on behalf of the police or

along with the police.

It appears in my case the shills are recruited sex offenders, homeless people, or racially motivated criminals who wish to assault whites and do so with impunity or the ignorant veneer of moral sneer towards whites.

Had there been rationality the dumpster refuse Corpus Christi Police would have and should have opened fire on him on at least 10 different occasions, but the CCPD are dumpster refuse and will back him on behalf a filthy corrupt skidmark of the USA.

Constitutional Sensitivities

Sexualizing children, housing rights, sexual reproductive rights, murder (of Jen Moore and others,) genocide and political corruption are the most important topics of all, and this is where the the dirtiest dumpster of world history, the United States of American, exceeds at substituting feces for the rule of law.

Moral Filthiness of a Morally Filthy USA

The police, to created a framework for illegal genetics rape, have built a false flag system in which police crimes (mostly by blacks) are committed against sexuallized white women, in law enforcement activity reminiscent from Sub Saharan African rape squads which act with impunity and in the U.S. Washington Elite are in on it and want to keep it going.

It also applauds our European friends Russia for helping the United States realize its police are corrupt and racketeering is taking its toll on US officials and the political system of the U.S.

Thus this book continues to restate Copblock based obserations (from US V EPD now in Measure a Society chapter) and the opportunities with Colossus and Mother Russia from the New Electro, now in Rome Statute chapter of this book.

Optics

What most of the shills, who are police backed con artists operatives, are doing is either covering police crimes by planting evidence on an innocent

person (myself) creating me as the "likely suspect" or otherwise implicating me as the likely type, and doing so using refutable ambiguity planted before the public.

Refutable to me that the optics hold any allegation or meaning, but sold the public as optics before the public which actually do have meaning.

In other words the skill with aviator glasses glaring at me has nothing to say in reality, in true reality, but it sure is supposed to look like there actually is something to say.

This book is not about military intelligence, but some of this does have names such as cutouts.

Cutouts are an alias for a person, like Fuzzy Bunny, or even a name, Tom Duham or Edward P Donegan, and then someone using that alias such as Tom Duhmas Dunham, Edward G Donegan, so the mistaken identity will forge evidence not actually evidence regarding the actual people.

Feces Skidmark Sewage, let me Unsee it all somehow

Whether it be some black in a Gold's Gym shirt, involuntarily to me, "Hardstyles" past my spin bike in the gym as I listen to hardstyle music and some line in the music says "family" or any other act of created public planted meaning, I keep thinking nothing in the US could disgust me more than what I have already seen, that would be impossible, but then, then, I blink my eyes again and more skidmark sewage in front of my eyes that is The United Shit Bucket States of SHITPIT USA.

Event Horizon Surround Me Which Merely Draw Private Actors Into State Backed Corruption

For carrying out police criminal harassment and criminal acts against innocent civilians, corrupt civilians or corruptible civilians are planted or created or duped.

Because illegal state acts will be carried out by private actors and with no court procedure, no Due Process rights of the victim (myself or Veronica Hoffman or Tom Dunham) will be protected.

I have made up various names for this, the Seep Wall, of feces seeping into those people or things surrounding me, or maneuvered to surround me, I think this is also the "Paywall" of the FBI, paid informants planting evidence but pretending to be neutral, or simply Grifters, those who will or are recruit-able into or are disposed to crimes or espionage.

The Fifth of July

In the usual pretentious chain of events, pretend, their children I can not get away from me, and the mother "is really on to me now" and is watching over me from harming her children. It is always the other way. Her children disgust me and I can not get them (or her) off my property.

Maliciousness

As described earlier the acts of the US Government and its agents are non-sequitur, the sequence of events do not flow from one to the next rationally but are foundation-less instead, arbitrary, and are government acts without justifying basis in genuine facts.

Mere, pretexts, pretenses, pretend reasons, are manufactured quite publicly by plain clothes shills in place of the necessary logical reasons, logical foundations, which would justify government acts.

The manufacture of pretexts has included clear deceit such as appearance manufactured before the public of my having limited mental faculties, limited mental faculties which require others, not me, to administer my assets.

Again, other books speculated as to why this is being done, this book focuses less on that.

This book was started on the Fourth of July 2019 and on the Fifth of July I describe the corrupt

environment and corrupted environment I live in and am surrounded by.

PizzaGate

PizzaGate does exist and Pizzsgate is iconic, emblematic, of exactly what I am approaching in this book.

I can speculate WHY the it is being alleged that when I am merely ordering pizza in a pizza shop that others claim I have ordered something else.

According to what the Shills are telling me I am alledged interested in exploiting children who are there with parents, parents who resent me, who will not stop me, but will have their day in court later since I surely some kind of pedophile or peeper, and because I was near their planted kids, I really own them my DNA.

That is what THEY are telling ME.

I do not know why an alledged element is added on which does not in reality exists. Nor can I say who is doing it, but my guess is it is backed by the retardation firm wanting my DNA and making fake claims to it.

Misinterpretation of my meanings merely is people who want Yes and say anything I do even on a different topic is a Yes to what they want. It is not. It is "so THAT MEANS 'blah blah blah'" by whoever wants BLAH BLAH BLAH.

But again, why people want my DNA was the earlier books. THis book merely states the attempted constructions forced upon me are fraudelent acts, and fraudulecy of that and similar acts are the focus of this book.

Just me, the real visit to a place

Shills, con artists, will surround me though. Lolitas and Gulls who will photo them

- A. In Element A of the Long Con others next to me will take #Datass photos of shills, plants. Shill parents will also assault me and also wear aviator glasses etc., The sexualized shills R!!! offensive
- B. In Element B at a later location, a set in an apartment made to look like mine, or a room or apartment I am not in at the time, an impersonator (Dopple) of me who was working with the shill will solicit a White Dominatrix and be punished after being caught with the exploitive of women and children photos. Another scenario is a parent of a child along with the Fugitive Recovery Marshalls team track down the Dopple to the mere look alike set where I will be impersonated. The impersonator of me will under instruction of the DOrminatrix and Marshall sign my genetic rights over to the charity which stageed the whole think, like the

Retarded Children's fund or missionary charity group (tacos not bombs)

- C. In Element C of the Long Con the conservancy or asset management I never wanted or signed up for will both agree to and receive asset seizures of genetics rights and sell or use them while also asserting to others including women I might be near that I am pariah and all should avoid any relationship at all with me, ARC of Northern Virginia is the sole contact for me.

Modus Operandi at Omni and Pete's Coffee Corpus Christi

My would be normal visit to Omni and Petes

Element A	Element B	Epstein Lolita Express
I Disgustingly sexualized and under-dressed children surround me and others photograph them. Homeless ppl try to tie me to phone on Pete's coffee counter	II ?, my guess is per Jen Moore as the Gull is black male from 45 checks in, parties hard and uses wifi, ejected for child porn	The con artist getting into my path with lolitas are planted by the Epsteins who have a medical use interest in my DNA which is beneficial.
III , normal activities, nothing else although. I do report to Petes and blacks in Omni clothes scam under way.	IV I was not in the Omni but I suspect the black male from 45 checked in and for the purpose of confessing to what was staged, as me, confessed	In an unwanted unneeded hostile destructive conservancy of the far left the Rikki Epstein or Tom Donegan or Chris Lloyd will pose as my emergency contact and agrees to receive genetic assets when the gull they planted confesses as though me.
Entered, I am asked to leave, no reason offered, by person refusing to identify himself, surrounded by scuzzy blacks in Omni worker clothes	At home, left, never heard anything else about this, though it repeated when I went back.	I don't want or need the conservancy, and while I live my life normal as a normal adult, shills in public act out coaching of my life they allege I need.

Governor Kaine helped celebrate the Partisan 15th Anniversary at the home of Mark Weinress and Tom Donegan on Saturday June 30th. This was the first time a sitting Governor attended a Vapartisan event. It was a great day of food, fellowship, fun and politics. Thanks to all who attend and celebrated with us.

I do have photos of North Beach where I overheard the guy from 45 confession to what OTHERS did at North Beach and the confession was done in 47.

Same kind of situation as always, SOMEONE ELSE films what is exploitative and disgusting, someone else, as me, will confess to photographing the SHILLS in my vicinity which were planted in public.

In the days that followed my visit to Omni/Pete's there was briefly an Omni Guest wifi signal visible in my apartment. I never checked in and only connected to Omni Lobby during my lobby time.

Likely after I left the black male from 45 who does face the Omni probably did check in, and as me, confess to what it looked like I was doing during my visit.

He not only duplicated me by name, most likely, but also my needd for Wifi and he probably surfed child porn on that wifi prentding to me be.

In the days that follow my throwout from Omni the white female girlfriend of the black male from Omini exited 45 just as I was exiting 46 and appeared to walk down the hallay with me. This is the only time in four months this has happened. She mentioned in passing, I say this for ID purposes, that she worked at Brewsters.

This all comports to Element A and Element B rico scheme.

According to statements from the black male in 47 who is a friend of his and show share furniture with him a fee is paid for each false claim against me created by those who benefit from the claim.

The black male in 45 may have been brought to justice by the black marshalls who caught him at Omin Petes by alibaster Mistress Isis who visited a location which looked like my old apartment at Casa Linda. <https://mistressisys.com/>

When I heard throgh the wall between 46 an 47 a blubbering confession about filming a child and being caught of it went like this. "How dare you film a child so young!" "I am sorry I am so so so sorry!" "Well since you don't have any money you will have to pay some other way" "ok, how about bone marrow?"

That is a a paraphase rather than transcript but that was the tone and content of the conversation exactly.

Like the cover photo of this book, the child from 47 is likely the victim, and person from 45 as me confessing to exploiting the child. I want and have nothing to do with this in reality.

Judge Roll

My mother's home in Moraga, valued at about 320k at time of its sale, created the trust fund for mt half and inheritance for my brother's half, the so called Nest Egg. My speculation continues to be that tied to HLA Family History database issues of immunology at University of Arizona Judge Roll was briefed into the need to seize my medical assets, btw, and falsified data, and per Walmart employees that was Pizzagate is.

This could also tied to Scalia and IQ genes being move around inter racially, and also thus family trees being moved around inter racially.

Top US Federal Judge Assassinated After Threat To Obama Agenda

According to this SVR report, Federal Judge John McCarthy Roll was the Chief Judge for the United States District Court for the District of Arizona who this past Friday issued what is called a “preliminary ruling” in a case titled “United States of America v. \$333,520.00 in United States Currency et al” [Case Number: 4:2010cv00703 Filed: November 30, 2010] wherein he stated he was preparing to rule against Obama’s power to seize American citizens money without clear and convincing evidence of a crime being committed.

The case being ruled on by Judge Roll, this report continues, was about bulk cash smuggling into or out of the United States that the Obama administration claimed was their right to seize under what are called Presidential Executive Orders, instead of using existing laws. The Obama administration used as support for their claim before Judge Roll, the SVR says, the seizing of all American citizens’ gold, in 1933, by President Franklin D. Roosevelt’s signing of Executive Order 6102, which was ruled at the time to be constitutional.

In a Retirement Accounts asset seizure for foreign countries he ruled against the Obamas. He was murdered, per Russian Intelligence he was murdered over a trust fund case the size of my own.

The Sinister Theory

Obama's family history, Glorian Donegan and the Windsors FOXP2 line is being moved out of the US and into Africa. And stopped in the U.S.

Subterfuges an assassinations support the desperate scheme to change genomic history now that RFLP can read genomic history.

Interracial Predator P

In an earlier book I named U.S.v EPD I describe a sysetm of shills placed around me in which a predator, normally non-white and from street and prison populations, often recruited as sex offenders and active drug addicts with a habit, will assault in police backed violence against me and I will be blamed for the assaults or other activities.

THis matches thoroughly plant crack addicts and others moving into wherever I am moving into or next to where I am moving into everywhere I go for the last 20 or so years, never any change.

Much of this I have photodocumented, along with everything else I have photodocumented. I have even been told by the crack addicts a clean person like myself can not be in the apartment afterwards and this was even said to me at an apartment near a high school.

I have repeatedly placed police tips and compplains and 911 calls but the shills are police plants. This includes at homeless shelters I was later drivin into and elsewhere.

May have mentioned the CIA, Secret Police, DOD, and others as their recruiters of job offerers, and one used the name of Casper (a dangerous black street person) and many others used similar operative names.

For decades I have been openly and violently asaulted by at least 2o of them even as I slept on matts.

On July 8th 2019 I received a notice requiring the payment of approximately \$700 for the payment of a broken windows, a fee explained to me in Mac Lamar Office on July 1 2019 when I paid my normal rent of \$750 and I have confirmation of that payment. The black male and white female have a history of violent assaults and death threats of each other and towards me over which I have complained repeated to 911 operatos before, after and during the assaults upon me which occurred when I tried to gesture for the neighbors to get away from my window when that window broke. As I had done the day before and on other occasions I reported to Corpus Christ PD of violent fights in 46, furniture being hurled at other wall in the building shaking the building, rapes I progress, drug usage, and death threats against me instigated by the occupants of 47 moving onto my property including loitering at that window and all other windows and communication death threats to me if I tell them to move away. Such death threats were audible clearly on the 911 calls I placed and officers Voclkman Badge #497 and Moss Badge number 1067 when they responded to the death threats against me in incident 19606220041. My belief is that though my claim was obvious the assailants in47 made an effective counter claim out of my presence though it was a sham. In other locations blacks or other drug dealing felons and others have been inserted into or adjoining my apartment or lease and accused me of being a Nazi scum as outlandish acts where conducted on my property out of my control such as placing children outside my window or on other locations. My belief is that violence is race based aggression towards me and said as race related death threats towards me while the assailants have outlandishly manufactured seeming non racist pretexts for the racist assaults which drive me from the housing, and I continue to assert this is a pattern and a felony racket. I have reported the situation reliably and regularly that my apartment is now a studio safe house, I can not use the bedroom because of instigated assaults and property violations in place from 47. I will call you and others regarding the MacLamar requested payment but I continue to view this a manufactured racket of assaults on me race based in nature and conforming to a pattern of it. I have reported this to the Social Security Inspector General as a violation of my housing rights, and to other federal and state law enforcement as a racket in process. The photo attached is a photo outside that very window as of 7/8/2019

Shit Mudd Niggers Laying In Wait TO falsify And Even Ask For A Pedophile Event And I Am Not Pedophile

As to the shit muddy filth pictured above just on site of you I would prefer you die in incinerators just because you are nothingness.

Some claim that is not supposed to be done. But as scam artist illegalll assualting me with sexuality I do not have with your toilet family planted as scam artits, put your shit diahhera self and them in the gas showers over you being that toilet filthy.

Finally, if you have my DNA or my familes, get incinerated for that, toilet shirk piece of filth grease.

A he knew, as he violently assaulted me for taking the photo aboave, is that the only reason I wanted an photo of them at all is to report them to the police as I always do. And he had conginsance of guilt, not wanting to approach store management with me and afraid to do so, which he then had to think over what to do about it.

His statement towards me "go ahead and take the photo of my daughter" was information from him which he wanted to match with his own photos of his daughter provident to an impersonator me to confess over.

Grease dirty nigger toliet shit of Feeeces Shit Nueces.

Creating Element A laying in wait and making statements towards me to setup later discovered photos taken by someone else to be used in Element B.

This book again recognized Jen Moore. Law Enforcement and the very top level politicians are using fake black mail data to create fake claims to my DNA. ORganized crime.

I was not "speeding" as I traveled to the HEB store, but consider this analogy.

A speeding car is on the freeway. A cop car passes it from the side, gets in front of it and stops. The cop has approached the speeding car and stopped it.

By getting into my path these people approached me and not vice versa. If I had photographed the family, I had not, they could have settled there and asked to see my phone. They did not.

Later on, those misrepresenting me, will likely give evidence of guilt that is manufacture such as somebodies photo with ass photography on it. That is Element B as the impersonator of me is moved in.

The sequence of events was they approached me by getting into my known path, they verbally inculcated me as a pedophile peeper by actually inviting me under their breadth in an angry challenging way to dare to photograph their daughter, go ahead they said.

I simply moved away to photograph, for the police the whole shill family for the staged photo they created by them approaching me.

When the black male, as other shills ALWAYS, did NOT WANT TO BE PHOTOGRAPHED, he asked why I took this photo in fact suggestively that I should stop the taking of the picture.

As I took the picture I used the statement "Well you asked me to photograph the daughter so I thought I would and later figure out why. Is she an actress or some one I might recognize or something? Will she be famous someday perhaps he was suggesting?"

They wanted a fake claim against me that can only be accomplished by SOMEONE ELSE later misrepresenting me on the staged photo.

As happens frequently, I am reporting to the police criminals, the people assaulting me, including the police manufacture asset seizures, are the criminals.

State Violence Through Medical Violence

Jen Moore and I Explain It

My brother is closely Hillary Clinton connected, meeting with Tim Kaine while Rod Rosenstein, Robert Mueller were prosecuting me on behalf of the National Institute of Health.

Found incompetent by all black NIH doctors while I was denied a defense expert (and Obama appointed my absentee lawyer Paula Xini to the Federal Bench,) Tom Donegan over time solidified his role became my older brother asset manager which he suggested he be to theirs.

Now through Rikki Epstein Jeffery, teen shills are planted near me and my smartphone appears in use. Later, only when I have left, he or Chris Lloyd will be an emergency contact for me when a Gull, a Gullible, will be caught with incriminating photos and a deal needs to be struck. Rikki Epstein could then receive a donation of my IQ genes, other genes, in designer babies Manafort was accused of trafficking. Corrupt police are assisting in this shakedown of a Gullible person impersonating me at location which look like where I live but are actually con artists set for the long con,

This medically connected bogus settlements system encourages women to shun me as Gullibles, impersonators of me, confess to the need for my assets being seized by Social Justice Medical Causes. Jen Moore was correct in her reporting of this and I will join her and my own description here.

In Element A the Epsteins recruit shills to allege I am approaching lolitas who are actually laying in wait and I am verbally or by body position inculcated into a possible photo of them which I am not interested in nor doing.

A Gull, a Gullible, who will be an impersonator of me will ineptly photograph the shills from either a staged apartment of mine (a set) or wearing clothes like mine or stolen from me and this Gullible, in Element B, will be shaken down and asset seized for the acts alleged to me behind my back.

Ostensibly this allows corrupt FBI and others to plant their own children as Shills in my vicinity and then conduct assets seizures based on the acts an impersonator of me will confess to, since he fell for the honey trap of the Lolita.

As a Racket, an unneeded service solving its own problem, The ARC of Northern Virginia will misrepresent me. Not need and hostile it will sabotage my life from a position of claimed power and while remaining my emergency contact they or my brother will settle claims forged by by racketeers which will benefit their retarded, autistic, or other needy children with my DNA which is seized.

As Jen Moore reports this goes back to MKULTRA, the Vatican and the CIA, and brain studies including atomic veterans Glorian and James Donegan and the Defense Intelligence Agency.

Flynn thought Pizzagate as a way for the US Marine Core to get genes rights was wrong and revealed it to Comey. Trump and Manafort, already racketeering these genes in orphanages, the Ukraine, in AIDS research, and elsewhere fired both Flynn and Comey. In my best guess, Pence fired Flynn for revealing the Illuminati plan to Comey and thus violating Pence's trust.

This I believe ties to Obama and the Birther issue, my genome being targeted by the CIA and I am a targeted individual including be radiologically attacked while in FMC Butner.

Dan Coats Abolishinism and Alcosta protection of Epsteins scheme both US and Cuabn

MKULTRA tied Trump cabinet issues.

This used to be a secret MKULTRA DIA project Flynn was objecting to parts of, Hillary connected Lolita Express Pizzagate, the Epsteins, in MKULTRA work around the world genetically engineering Africn in orphangges. Obama and Hillary hid it, and comey never saw it. When Trump took office, as Comey points out, Flynn was easier to get to, Flynn talked, wanted to talk, and Pence and Trump fired them both for talking.

Organizational Suspicions I Have of South Texas and Texas

Nueces DA. Bobby Courtney told me there was a black and hispanic gang operating out of Corpus Christi City Hall and it included hits on people. He, Bobby was taken to strips clubs as me and I reported this to CCPD. Social Services kept wanting to sign me up and I would not do so.

FUMCC, Held a meeting on braking wills, refused to include me on anything pertinent to me or inform me of anything related to my mother's trust.

Good Sams, I was assaulted by blacks there and other places by people say for DHS and FBI. Same at Bay Area Laundry where black FBI was said to be and CCPD has repeatedly seemed to run Pizzagate and refuse my reports to them of it, and black CCPD was on Fetlife shaking down a Gull for DNA in Los Angeles.

CCPD would not take my Stolen Motorcycle with Woman seen on it report.

Flynn, loyal General, can't catch a break

Defense Intelligence Agency head under Obama until just before Obama left office, revealed publicly Pizzagate, Lolitas planted in pizza shops allegedly orderd through secret language.

Obama fired him and replaced him with Vince Stewart, new MKULTRA general.

Flynn, as loyal general again, reported conduct to Comey FBI. Again fired, now facing prison in secret redacted prosecution.

As Jen Moore explains

Element A

as I, repeat I Ed Donegan, am shopping for Pizza, some one adds onto that, piggy backs that, by a Shill Lolita and a Shill Gull in the same store.

Element B

That Gull confusing my identity with his own will concede to what I would refute, trafficking in pizza (which the Gull did and will be blackmailed over it by a white adult entertainer and it was probably a black or gay female taken white woman's ass photo that will be the blackmail material.)

The SJW racially hostile Conservancy of me

Set this up as black on white gay on hetero violence and will encourage vigilantism against me for what the Gull did.

Jen Moore also outs on behalf of the People as The People this need to covertly place my genome into other races and into other places is explained by the OSS, Vatican, and MKULTRA.

women for corrupt State agents

Confirmed as Military Rapes and State Backed Military Violence

The Gulls are a pattern of conduct and in US v EPD, an earlier book in the series, I outline factually what only now can I put together into a theory of the case against the U.S. back racketeering elements

In private mental hospital (I was placed in challenging Thea Smith's inculcating me and asking her about it) a black Gull called himself an AIINT DOD researcher, a lifelong ghetto felon with a sex offender background, kicked out of college for a sexual assault, and now wanting to peep at women through gov access to notebook cams.

At a group meeting where I was described by clothing only, a teen group leader in an adult group made odd comments, and the black male said the DOD was using him to fight white supremacy and impersonate whites.

This was all typical of Element A.

At the DOD facility I was moved to a black male calling himself as Mr 707 was dressed as me and began assaulting me over racial matters I never raised with him.

As I now understand the scam surrounding me, Element A and Element B always have to be separated so the Gull who did commit the offense, was recruited to, will then be able to be caught and confess, rather than me refute on the scene of Element A itself.

Element A inculcates me +

Element B is a Gull who really did commit the offense is substituted and confesses as me +

Element C is Racket conservancy I have no need for receiving seized assets they want from their con jobs

= All equals Element D I am held celebrate in retaliation for what the Gull did and mock whites and gays receive my DNA
